

## Joe Doria Presents: MCTUFF

Hammond organist, Joe Doria brings together some of the areas finest with "McTuff" to create a powerful and jaw-dropping trio like you've never heard.

What began as an ode to some of the organ greats in soul jazz, such as delivering their own take on the works of Jimmy Smith and Captain Jack McDuff, soon turned into being a band that can appeal to almost any audience, room, and vibe. Melody, dynamics, and groove...from the soft and surreal to deep funk. From swinging soul...all the way to the thumping metal grind...no musical stone gets unturned. McTUFF is about letting it all go and having fun, a moment of time to remember the groove laid down by the soul masters as well as introduce original works of their own.

With a high level of musicianship, strong songwriting, fearless improvisation, and a depth of musical knowledge that spans almost every style and genre of music, McTuff is a movin' and groovin' adventure that you will not soon forget.

Like all great combos, McTuff loves to stir the pot even more with the addition of some of the best artists on the scene. They have recorded and toured extensively with legendary saxophonics madman Skerik, both solo and with his Syncopated Taint Septet, with the impeccable Andy Coe on guitar, the incredible drummer Dvonne Lewis consistently entertaining audiences. Currently performing with MCTUFF are two of the NW's best new artists on the scene making incredible sound and groove, Tarik Abouzied (drums) and Cliff Colon (saxophone), along with Andy Coe (guitar).

There have been so many other wonderful performers creating the music in McTuff, players such as saxophonists Devin Phillips, Karl Denson, Jessica Lurie, Craig Flory, Trombonist John Terpin, MC sensation "Radio", percussion legend Mike Clark of the Headhunters, NW drummers Mike Stone and Michael Shrieve of Santana, and so many, many more talented artists on the scene today.

Quite simply, McTuff plays a vast array of music...the music you want to hear, the way you want to hear it. They're coming your way soon so come to a show, you must see it to believe it.
